## BANKWELL FINANCIAL GROUP REPORTS OPERATING RESULTS FOR THE THIRD QUARTER AND DECLARES FOURTH QUARTER DIVIDEND

New Canaan, CT-October 30, 2019 - Bankwell Financial Group, Inc. (NASDAQ: BWFG) reported GAAP net income of $\$ 4.1$ million or $\$ 0.52$ per share for the third quarter of 2019 , versus $\$ 4.9$ million or $\$ 0.62$ per share for the same period in 2018.

The Company's Board of Directors declared a $\$ 0.13$ per share cash dividend, payable November 25, 2019 to shareholders of record on November 15, 2019.

Notes Bankwell Financial Group President and CEO, Christopher R. Gruseke:
"We have succeeded in achieving many significant performance objectives this quarter. We continue to maintain a disciplined approach to loan pricing, thereby protecting the earnings quality of our balance sheet. As a result, we have experienced a modest decrease in loan balances. Importantly, our reliance on wholesale funding has been reduced significantly, and we have also initiated meaningful deposit rate cuts. Our liability sensitive balance sheet has us well positioned to take further advantage of the reduction in rates just announced by the Federal Reserve today."

## Third Quarter 2019 Highlights:

- Third quarter diluted earnings per share were $\$ 0.52$, a decrease of $16 \%$ compared to the third quarter of 2018.
- Total noninterest income was $\$ 1.6$ million for the third quarter of 2019 , or $11 \%$ of total revenue.
- Return on average assets for the nine months ended September 30, 2019 totaled $1.05 \%$ compared to $1.03 \%$ for the same period in 2018.
- Return on average tangible common equity for the third quarter of 2019 totaled $9.26 \%$ and totaled $11.24 \%$ for the nine months ended September 30, 2019.
- Total gross loans were $\$ 1.6$ billion for the third quarter of 2019.
- The allowance for loan losses was $\$ 13.2$ million and represents $0.84 \%$ of total loans.
- Investment securities totaled $\$ 105.5$ million and represent $6 \%$ of total assets.
- Total deposits were $\$ 1.5$ billion for the third quarter of 2019.
- Noninterest bearing deposits totaled $\$ 178.7$ million for the third quarter of 2019 , up $11 \%$ when compared to the second quarter of 2019, primarily due to successful treasury management efforts.
- The tangible common equity ratio and tangible book value per share were $9.33 \%$ and $\$ 22.34$, respectively.
- The efficiency ratio was $58.3 \%$ for the nine months ended September 30, 2019 compared to $59.6 \%$ for the same period in 2018.
- Tax equivalent net interest margin was $2.96 \%$ for the third quarter of 2019 and $3.07 \%$ for the nine months ended September 30, 2019.

## Earnings and Performance

Revenues (net interest income plus noninterest income) for the quarter ended September 30, 2019 were $\$ 14.6$ million, a decrease of $4 \%$ compared to the quarter ended September 30, 2018. Revenues for the nine months ended September 30, 2019 were $\$ 45.1$ million, versus $\$ 45.2$ for the nine months ended September 30, 2018. The decrease in revenues for the quarter and nine months ended September 30, 2019 was primarily due to an increase in the cost of interest bearing deposits and lower loan balances, when compared to the same periods in 2018. The decrease in revenues were partially offset by fees recognized from elevated loan prepayments, increases in gains and fees from the sales of loans and fees associated with loan related interest rate swaps. Prepayment fees totaled $\$ 0.5$ million for the quarter ended September 30, 2019 compared to $\$ 40$ thousand for the same period in 2018. Prepayment fees totaled $\$ 2.6$ million for the nine months ended September 30, 2019 compared to $\$ 0.3$ million for the same period in 2018.

Net income for the quarter ended September 30, 2019 was $\$ 4.1$ million, versus $\$ 4.9$ million for the quarter ended September 30, 2018, a decrease of $16 \%$. Net income for the nine months ended September 30, 2019 was $\$ 14.7$ million, versus $\$ 14.2$ million for the nine months ended September 30, 2018, an increase of $4 \%$. Net income for the quarter ended September 30, 2019 was negatively impacted by the aforementioned increase in the cost of interest bearing deposits and decreased revenue from lower loan balances. For the nine months ending September 30, 2019, fees recognized from elevated loan prepayments as well as the gains and fees from loans sales and loan related interest rate swaps more than offset the impact of the increase in the cost of interest bearing deposits.

Basic and diluted earnings per share were each $\$ 0.52$ for the quarter ended September 30, 2019 compared to $\$ 0.62$ for the quarter ended September 30, 2018. Basic and diluted earnings per share were $\$ 1.88$ and $\$ 1.87$, respectively, for the nine months ended September 30, 2019 compared to basic and diluted earnings per share of $\$ 1.81$ and $\$ 1.80$, respectively, for the nine months ended September 30, 2018.

The Company's efficiency ratios for the quarters ended September 30, 2019 and September 30, 2018 were $58.9 \%$ and $58.6 \%$, respectively. The Company's efficiency ratios for the nine months ended September 30, 2019 and September 30, 2018 were $58.3 \%$ and $59.6 \%$, respectively. In addition to the previously described changes in revenue, the efficiency ratio was also impacted by a reduction in noninterest expense from continued disciplined expense management.

The net interest margin (fully taxable equivalent basis) for the quarter ended September 30, 2019 and 2018 was $2.96 \%$ and $3.21 \%$, respectively. The net interest margin for the nine months ended September 30, 2019 and 2018 was $3.07 \%$ and $3.17 \%$, respectively. The decrease in the net interest margin for the three and nine months ended September 30, 2019 compared to the same periods in 2018 was due to higher rates on interest bearing deposits, partially offset by incremental fees from loan prepayments.

## Financial Condition

Assets totaled $\$ 1.86$ billion at September 30, 2019, compared to assets of $\$ 1.87$ billion at December 31, 2018. The decrease in assets is driven by a reduction in gross loans to $\$ 1.56$ billion at September 30, 2019 versus $\$ 1.60$ billion at December 31, 2018. Deposits totaled $\$ 1.47$ billion, compared to $\$ 1.50$ billion at December 31, 2018. The decrease in deposits was primarily driven by a reduction in wholesale funding.

## Capital

Shareholders' equity totaled $\$ 176.0$ million as of September 30,2019 , an increase of $\$ 1.8$ million compared to December 31, 2018, primarily a result of net income for the nine months ended September 30, 2019 of $\$ 14.7$ million. The increase was partially offset by a $\$ 10.2$ million unfavorable impact to accumulated other comprehensive income driven by fair value marks related to hedge positions involving interest rate swaps, as well as dividends paid of $\$ 3.1$ million and common stock repurchases of $\$ 1.0$ million. The marks on the interest rate swaps are driven by declining market interest rates. The Company's interest rate swaps are primarily used to hedge interest rate risk in relation to its funding sources. The Company's current derivative positions will cause a decrease to other comprehensive income in a falling interest rate environment and an increase in a rising interest rate environment. As of September 30, 2019, the tangible common equity ratio and tangible book value per share were $9.33 \%$ and $\$ 22.34$, respectively.

## About Bankwell Financial Group

Bankwell is a commercial bank that serves the banking needs of residents and businesses throughout Fairfield and New Haven Counties, Connecticut. For more information about this press release, interested parties may contact Christopher R. Gruseke, President and Chief Executive Officer or Penko Ivanov, Executive Vice President and Chief Financial Officer of Bankwell Financial Group at (203) 652-0166.

For more information, visit www.mybankwell.com.
This press release may contain certain forward-looking statements about the Company. Forward-looking statements include statements regarding anticipated future events and can be identified by the fact that they do not relate strictly to historical or current
facts. They often include words such as "believe," "expect," "anticipate," "estimate," and "intend" or future or conditional verbs such as "will," "would," "should," "could," or "may." Forward-looking statements, by their nature, are subject to risks and uncertainties. Certain factors that could cause actual results to differ materially from expected results include increased competitive pressures, changes in the interest rate environment, general economic conditions or conditions within the securities markets, and legislative and regulatory changes that could adversely affect the business in which the Company and its subsidiaries are engaged.

## Non-GAAP Financial Measures

In addition to evaluating the Company's financial performance in accordance with U.S. generally accepted accounting principles ("GAAP"), management may evaluate certain non-GAAP financial measures, such as the efficiency ratio. A computation and reconciliation of certain non-GAAP financial measures used for these purposes is contained in the accompanying Reconciliation of GAAP to Non-GAAP Measures tables. We believe that providing certain non-GAAP financial measures provides investors with information useful in understanding our financial performance, our performance trends and financial position. For example, the Company believes that the efficiency ratio is useful in the assessment offinancial performance, including noninterest expense control. The Company believes that tangible common equity and tangible book value per share are useful to evaluate the relative strength of the Company's capital position. We utilize these measures for internal planning and forecasting purposes. These non-GAAP financial measures should not be considered a substitute for GAAP basis measures and results, and we strongly encourage investors to review our consolidated financial statements in their entirety and not to rely on any single financial measure.

(1) Efficiency ratio is defined as noninterest expense, less other real estate owned expenses and amortization of intangible assets, divided by our operating revenue, which is equal to net interest income plus noninterest income excluding gains and losses on sales of securities and gains and losses on other real estate owned. In our judgment, the adjustments made to operating revenue allow investors and analysts to better assess our operating expenses in relation to our core operating revenue by removing the volatility that is associated with certain one-time items and other discrete items that are unrelated to our core business.
(2) Represents Bank ratios. Current period capital ratios are preliminary subject to finalization of the FDIC Call Report.
(3) Excludes unvested restricted shares of $88,473,94,598,99,061,77,624$, and 101,759 as of September 30, 2019, June 30, 2019, March 31, 2019, December 31, 2018, and September 30, 2018, respectively.

Nonperforming assets as a percentage of total assets was $0.53 \%$ at September 30, 2019, down from $0.75 \%$ at December 31, 2018. Net charge-offs to average loans was $0.09 \%$ for the quarter ended September 30, 2019. The allowance for loan losses at September 30, 2019 was $\$ 13.2$ million, representing $0.84 \%$ of total loans. The Company continues to work on the resolution of the previously disclosed large nonperforming lending relationship. Progress to date has been in line with the Company's estimates and, subsequent to the end of the third quarter 2019, a claim has been submitted to the Small Business Administration ("SBA") to recover the remaining balance. During the quarter ended September 30, 2019, the Company sold its other real estate owned ("OREO") property for a loss of $\$ 0.1$ million. The Company does not have any OREO as of September 30, 2019.

| Total noninterest expense | \$ | 8,672 | \$ | 8,755 | \$ | 8,870 | (0.9)\% | (2.2)\% |

Noninterest expense decreased by $\$ 0.2$ million, or $2 \%$, to $\$ 8.7$ million for the quarter ended September 30, 2019 compared to the quarter ended September 30, 2018. The decrease in noninterest expense was primarily a result of a $\$ 0.3$ million decrease in FDIC insurance expense driven by a credit received during the quarter ended September 30, 2019 as well as a $\$ 0.2$ million decrease in marketing expenses. The decrease in noninterest expense was partially offset by a $\$ 0.2$ million increase in occupancy and equipment expense primarily related to the Company's investment in technology as part of upgrading the branch network applications.

| Loss on sale of other real estate owned, net |  | (102) |  | - | N/A |
| Other |  | 1,279 |  | 641 | 99.5 \% |
| Total noninterest income | \$ | 4,196 | \$ | 3,299 | 27.2 \% |

Noninterest income increased by $\$ 0.9$ million, or $27 \%$, for the nine months ended September 30, 2019 compared to the nine months ended September 30, 2018. The increase in noninterest income was primarily a result of a $\$ 0.6$ million increase in gains and fees from sales of loans and a $\$ 0.6$ million increase in other income. The increase in gains and fees from sales of loans was driven by a higher volume of loans sold for the nine months ended September 30, 2019 compared to the same period in 2018. The increase in other income was mainly attributable to loan related interest rate swap fees.

| Professional services |  | 1,455 |  | 1,520 | (4.3)\% |
| Marketing |  | 751 |  | 1,171 | (35.9)\% |
| Director fees |  | 639 |  | 749 | (14.7)\% |
| FDIC insurance |  | 74 |  | 620 | (88.1)\% |
| Amortization of intangibles |  | 57 |  | 72 | (20.8)\% |
| Other |  | 1,920 |  | 1,570 | 22.3 \% |
| Total noninterest expense | \$ | 26,402 | \$ | 26,837 | (1.6)\% |

Noninterest expense decreased $\$ 0.4$ million, or $2 \%$, for the nine months ended September 30, 2019 compared to the nine months ended September 30, 2018. The decrease in noninterest expense was primarily a result of a $\$ 0.5$ million decrease in FDIC insurance expense driven by a credit received during the quarter ended September 30, 2019, as well as a $\$ 0.4$ million decrease in marketing expenses. The decrease in noninterest expense was partially offset by an increase of $\$ 0.5$ million in occupancy and equipment expense associated with a full nine months of expenses from the prior year's branch expansion and a $\$ 0.4$ million increase in other expenses.
